

## 92 NEIGHBORS FILE ACTION TO BLOCK STATION ON HUBER LAND

Ninety-two property owners and residents of the Lincoln Ave.-Carlisle St. area today asked the Adams County Court to prevent the placing of a service station at the Huber property at 411 Carlisle St.

The complaint in equity asking the court to place an injunction against construction of the service station proposed by Charles H. Huber Jr. was filed with the county prothonotary this morning by Attorneys Charles W. Wolf and Donald G. Oyler, representing the 92 plaintiffs in the case. The attorneys also said that additional plaintiffs are expected to join in the action later.

The equity action is brought against Charles H. Huber Jr. and Elizabeth Huber Welch, individually, against Mr. Huber and his sister as executors of the will of the late Charles H. Huber Sr., and against Mr. Huber and Mrs. Welch as trustees under the will of the late Charles H. Huber Sr.

Held "Exclusively Residential"

According to the complaint, the defendants are owners of the premises at the northeast corner of the intersection of Carlisle St. and Lincoln Ave. with 205 feet, six inches frontage on the north side of Lincoln Ave., and 120 feet frontage on the east side of Carlisle St.

The complaint alleges that the Hubers are planning to place a public gasoline service station at the corner and that a permit for the construction of such a station has been issued by Gettysburg to Mr. Huber "but that construction of said service station has not yet begun."

Then the complaint adds that "the neighborhood and vicinage of said premises is exclusively residential in character and a quiet and well adapted for residential purposes and for the location of a church-supported Liberal Arts college."

Long List of Complaints

"That the construction and operation of said gasoline service station would constitute a nuisance for various reasons including the following: It would disturb and annoy the plaintiffs and cause them mental discomforts; it would interfere with the peaceful enjoyment of their homes, grounds and yards as well as materially lessen the value thereof; it would increase the risk of fire; it would increase the traffic hazards of an already dangerous intersection, creating a danger to life and limb of the many children residing in the neighborhood as well as to students, residents and other pedestrians; it would be an inroad on the residential character of the neighborhood, and therefore act as an opening wedge to the commercial degrading thereof; it would detract from the character and setting of the college buildings and campus; it would be inconsistent with the traditional maintenance of the peaceful, secluded atmosphere of the campus community."

"That there are inseparably and necessarily connected with the maintenance of such gasoline service station and the carrying on of such business therein, numerous objectionable features, and said gasoline service station cannot be conducted in such a manner as to avoid such objectionable features, among which are the following:

"Penetrating and disagreeable odors resulting from the constant use of oil and gasoline in the filling of the tanks of vehicles and the lubricating of their engines, causing the emission of smoke as well as unpleasant odors; constant activity involved in use of the service station by a large number of vehicles at all hours of the day and night; noises incident to the normal activity thereof including sounds arising from the use of machinery, the changing and inflating of tires, the running, racing and backfiring of engines, the blowing of horns, the voices and shouts of patrons and attendants, the slamming of hoods, the ringing of bells, clanging of tools, the pounding on metal and many others."

The complaint states that written notice was given Charles H. Huber (Continued on Page 5)

## At Least 22 Dead, Scores Hurt In Quake In Philippines

By DON HUTH

MANILA (AP)—At least 22 persons were reported dead and scores were reported injured today in a strong earthquake which jolted the central Philippines.

The provincial capital of Sorsogon bore the brunt of the quake and a police official there reported 20 persons were dead and enormous property damage. Two others were killed at Legaspi City to the south.

Capt. Isagani Abella, commander of the Sorsogon constabulary garrison radioed police headquarters here:

"Twenty persons believed dead this capital alone. Property damage enormous. Concrete fence around our camp and our radio transmitter station totally wrecked. Our headquarters badly damaged."

Eighty per cent of the old buildings in Sorsogon, a city of 26,000, were destroyed, Philippine News Service said. The towering steeple on a Catholic cathedral toppled.

Communications with the area, on the southeastern tip of Luzon, were disrupted. Meager reports were relayed here from a ship in Sorsogon harbor.

Huge landslides were reported between Sorsogon and Albay province to the north.

The Philippine Red Cross office here said field reports described the quake as the strongest ever to hit Sorsogon province, a rich copra producing region of almost 300,000 persons. It reportedly lasted 80 seconds.

## Bendersville Water Conservation Asked

Although the Bendersville water supply is not serious at the present time, councilmen ask that all residents be cautious and not waste the water as the period of dry weather may be quite lengthy.

Other business discussed at the regular council meeting Wednesday evening was the neglect of residents getting building permits for construction work that is being done. A building permit should be obtained from the burgess, Leighton C. Taylor.

The councilmen revealed they have received numerous complaints about dogs in the borough barking at night.

## MANY CHANGES WILL BE MADE IN "AG" SETUP

New regulations announced by U.S. Agriculture Secretary Ezra Taft Benson apparently will result in prohibiting a number of countians from holding offices in the Agricultural Stabilization Committee which they have held for years.

One of the proposed changes will limit the number of consecutive terms that a farmer may serve as a county or community committeeman to three. Martin T. Walter, Biglerville R.D., chairman of the county board for a number of years, has served as either a local committeeman or county committeeman since the establishment of the ASC, first as the Agricultural Adjustment Administration and later as the Production and Marketing Committee. He has served on the county committee since about 1936.

Roy Weaver, Gettysburg R.D., another member of the county committee has already served for about ten years. The only member of the county committee to have served less than three years is Howard Schwartz, Littlestown R. 2, who is in his second term as a county committeeman. Before that he was a community committeeman.

Many Other Changes

A large number of community committeemen have also served more than three terms.

The new rules would also prohibit county committeemen from serving as marketing quota review (Continued on Page 11)

## Estimated 12,000 See Colorful Firemen's Parade On Thursday As Battle Anniversary Highlight

Two solid lanes of applauding spectators lined the bunting-framed route over which men from both sides of the Mason-Dixon Line marched Thursday evening in the carnival atmosphere of the sixth annual parade commemoration of the Battle of Gettysburg.

This time—instead of for military advantage — "Johnny Rebs" and "Yankees" marched in competition for honors and a \$1,000 prize list along the same route which 91 years ago to the day was marked with the victims of a divided nation.

Cooled by sudden breezes in the wake of an afternoon shower, the colorfully-garbed paraders marched, rolled, or rode the one and three-quarter mile route before a crowd estimated at near 12,000.

## ADVANCE PLANS ON TANEYTOWN CELEBRATION

Further plans for the observance of the 200th anniversary of the founding of Taneytown were outlined Thursday night at a meeting of the executive committee held at Memorial Park in Taneytown.

The park itself will be the site of historical pageant "Here on the Monocacy" written by Miss Dorothy Elderdice, Westminster, and with a cast of 500, to be presented July 27, 28 and 30 in connection with the bi-centennial. Extra bleachers are being secured from Gettysburg College for the baseball field on which the 15-scene pageant will be presented.

During one portion of the evening's meeting, the committee, under Chairmanship of M. Edward Reid Jr., took part in a "taste-test" to determine which "hot dog" to serve at the celebration.

Checking Final Plans

Mrs. Reid prepared the frankfurters offered by the various companies, and the "franks" were numbered. After tasting all, the committee voted its favorite and that one will be used for sale of "hot dogs" at the observance.

Chairman Reid reported completion of the reading of proofs for the 100 page bicentennial souvenir booklet which will be sold for \$1 apiece during the next several weeks. The booklet contains a history of Taneytown, pictures and advertising.

Much of Thursday's session was devoted to final check of all details in connection with the event, to determine whether all arrangements have been completed and individuals are working on the great number of details that are necessary to carry out a program of the magnitude planned by the committee.

## TO BUILD ROADS IN PERU WITH BRETHREN UNIT

Philip Roth, 20, son of Mr. and Mrs. Arthur W. Roth, Orrtanna R. 1, left Lancaster Thursday night with nine other draft-age Mennonite and Brethren in Christ men on the first lap of a journey to Peru, where for six months they will be engaged in a LeTourneau-sponsored road-building project. After their six months in Peru they will spend 18 months in similar duty in Paraguay.

A graduate of Gettysburg High School with the class of 1952, Roth has been a student at the Barton School of Aeronautics at Tulsa, in training to be a flight mechanic and pilot. He has 110 hours of flying toward his commercial pilot license and holds an A and M license permitting him to work on any power unit in planes. His father said today that he plans to complete his aeronautical training after his two years of service in South America.

Roth was one of ten draft-age men in the contingent sent to South America. R. G. LeTourneau, for whom they will be employed in Peru was the speaker at a service held Thursday night at Lancaster for the men. After the service they left by plane for Longview, Texas, where for several weeks they will attend an orientation course at LeTourneau Technical School to learn to handle diesel engines and other land-clearing and road-building machinery.

All Are C.O.'s

LeTourneau has given a million acres of land by the Peruvian government to clear and colonize. As a result of that contract he must build the first 30 miles of an 180-mile road connecting Lima, capital of Peru, with the million acre section of virgin territory on the eastern side of the Andes mountains. LeTourneau Thursday night described the territory as rich potential farm land.

These 10 men were supplied to LeTourneau by the Mennonite Central Committee, American Mennonite agency for relief and rehabilitation services with headquarters in Akron, Penn. The men are con- (Continued on Page 8)

## NEW DINER TO OPEN SATURDAY

The formal opening of Sue's Diner, located 1 1/2 miles north of Gettysburg on Route 15, will be held Saturday, Dale F. and Susan E. Lawver, the proprietors, announced today.

The owners will operate the dining establishment as an adjunct to Dale's Tire Shop, a tire recap, wheel alignment and balancing service also run by the Lawvers. Hours will be 8 a.m. to 11 p.m. seven days a week.

Mrs. Lawver said the restaurant will specialize in short order foods, cold sandwiches, soups, platters, and home-made pies and cakes. Breyers ice cream will be handled exclusively.

The diner includes accommodations for 28 booth and stool occupants and provides music box selections for its patrons. Interior of the building is painted a cool Panama green combination with wide windows and a flower box facing the Harrisburg Rd. Kitchen equipment has been newly purchased and the counter and tables are of formica.

Construction of the frame structure was begun the latter part of April and completed in mid-June.

## General On Reviewing Stand

The parade, which moved from Recreation Field at 7 p.m. with Lt. Gen. Floyd L. Parks, commanding general of the Second Army and grand marshal at its head, took 46 minutes to pass a given point.

Parks, an erect, three-star general, left the line of march with Burgess William G. Weaver to mount the reviewing stand in front of the Court House and join five judges who singled out 29 units for special awards.

Spokesmen for the sponsoring Gettysburg Fire Department expressed the belief—that the line of march and number of spectators was "somewhat smaller" than the Saturday event last year. In 1953 the parade, augmented by a larger float entry, took 50 minutes to pass before a crowd of 15,000.

## Other Parade Highlights

Judged by the reaction of spectators, a new-comer to the Battle Anniversary parade, the Gettysburg Region of the Antique Auto Club of America, drew the most spontaneous rounds of applause. Twenty-eight of the doughty "old-timers" wheezed, chugged and gasped in the second division group. No casualties were reported.

Still other "hits" among the hundreds of uniformed marchers, floats and fire apparatus were the various fire and rescue trucks; that hardy, horse-drawn steam fire engine, General Meade and the Gettysburg Fire Department's new canine mascot, Nicky, led by Jackie Tawney.

Littlestown Firemen Win

The top prize of \$100 was awarded to the Alpha Fire Company, Littlestown, for the best appearing fire company with 35 or more men in line. Second prize of \$50 went to the Hanover Fire Company which last year earned a \$75 first in that event.

Keen competition was noted in the two classes for floats. Judges deliberated nearly 20 minutes before selecting the Sons of Union Veterans' "Bloody Angle" pantomime Class A winner and the attractive Beta Sigma Phi "Swan Lake" entry as Class B victor. Both firsts were worth \$75 to the respective organizations.

Other prizes awarded were: Best appearing fire company auxiliary, \$25, Waynesboro Auxiliary 695; second, \$15, Gettysburg Women of the Moose.

Visiting Units Win

Best appearing marching unit other than a fire company, \$50, Emmitsburg drill team and color guard; second, \$25, Waynesboro VFW.

Best Band, \$75, Littlestown High School.

Best drum and bugle corps, \$75, (Continued on Page 3)

## COMMUNITIES URGED TO LOOK TO WATER NEEDS

HARRISBURG (P) — A Health Department official said today the so-called "unfalling springs" of the past may fail communities who depend on them for their water supply.

L. D. Matter, assistant chief engineer of the department's Bureau of Sanitary Engineering, made the statement in urging expanding municipalities to give a second look at their water sources. "Last year's drought proved that many of the so-called 'unfalling spring' can actually fail," he said, "and in those instances where ground water sources must be relied upon, the development of additional underground sources is clearly indicated."

**Some Outgrowing Supply**  
Matter named 56 communities where public water supply systems may become "dangerously low" as they did in 1953.

The Weather Bureau reported that the June rainfall in Pennsylvania was 20 per cent below normal. In a five-county area surrounding Harrisburg, the dryness was even worse. Rainfall was almost half of normal.

"If it's dry in June, what can you expect in July and August?" asked Matter in an interview.

Many communities, he said, are outgrowing their water supply sources because of population increases, use of water in air conditioning units and industrial expansion.

**Time To Take Steps**  
"It seems advisable that officials in charge of water supplies in affected areas should take prompt steps to provide for additional sources of supply, storage facilities or whatever combinations of facilities are needed to furnish their communities sufficient water during normal dry seasons."

Matter said these communities may face another water shortage as they did last year.

**Many Face Shortage**  
Altoona, Antrim, Avela, Bedford, Blossburg, Blythe Twp., Bush Creek, Campbelltown, Canton, Clarence, Clarks Summit, Confluence, Dallas, Dover, Eldred, Erie, Evans City, Fredonia, Freeland, Garrett, Harmony, Homer City, Hop Bottom, Howard, Hummelstown, Hyndman, Jefferson, Jersey Shore, Lewisburg, Milton, Watson, Lock Haven, McAllisterville, Mammoth, Mansfield, Mather, Mauch Chunk, Midland, Milesburg, Millheim, Millville, Mountoursville, Muncy.

## CHECK COUNTY FOR OAK WILT

HARRISBURG (P) — The State Agriculture Department today said the oak wilt disease eradication program has shown its effect in the commonwealth.

For the last two weeks, at least two airplanes carrying experienced observers have been flying over oak lands in southern counties spotting diseased trees.

In preliminary surveys to date only 26 clumps of trees suspected of having been killed by oak wilt have been spotted in Bedford County whereas last year that county had 211 clumps with diseased trees, all of which were destroyed.

**Less Found This Year**  
"It appears that the incidence of oak wilt in the Bedford and other areas may have declined considerably," said Dr. Thomas L. Guyton, director of the Plant Industry Bureau and head of the survey.

"Fulton County last year had 57 cases and a thorough inspection from the air has yielded only 20 spots in that county this year, indicating that our plan of eradication of diseased trees is bringing results. Check flights will be made in July and again in August," he said.

The only county to show an increase this year is Huntingdon with 50 possible infected tree clumps. Last year 18 of 41 suspected locations were found to have oak wilt. During the past few days planes and observers have been flying over York, Cumberland and Adams counties where few infested areas were found last year. Since surveys were first started in 1951, no oak wilt has been found east of the Susquehanna River.

**FIND CAPTAIN'S BODY**  
CHESTER, Pa. (P) — The body of Alexander Carter, 64, a Scott Paper Co. light captain, was recovered from the Delaware River last night near the company piers here.

Carter, a Scott employ for 30 years, was last seen alive Wednesday. When he failed to report for work yesterday a search was ordered. The body was found wedged between two loaded barges after a 27-hour search of the area.

**BOY SUFFOCATES**  
HOPEWELL, N. J. (P) — A 9-year-old boy suffocated in an unused ice box last night while his parents were attending a funeral.

He was Archibald Waldron Jr. The ice box was lying on its back in the basement in the home of the boy's aunt, Mrs. Esther Coleman of Hopewell borough.

## BULLETINS

WASHINGTON (P) — Democratic leader Lyndon Johnson of Texas told the Senate today that the "American people will refuse to support the United Nations if Communist China becomes a member."

Johnson lined up squarely behind Senate Republican leader Knowland of California in a demand for a reappraisal of this country's foreign policies and defense.

WIMBLEDON, England (P) — Jaroslav Drobny, 32-year-old exiled Czech now living in Egypt, won the Wimbledon singles championship today by defeating 19-year-old Ken Rosewall of Australia, 13-11, 4-6, 6-2, 9-7.

HANOI Indochina (P) — The French announced today their troops have "successfully completed" evacuation of five fortified cities and 2,000 square miles of populous rice land in the south of the Red River delta.

Most of the thousands of soldiers involved in the massive withdrawal already have taken up defense positions farther north around Hanoi, an army spokesman said.

WASHINGTON (P) — House forces backing another year of fixed farm price supports sought to rally their forces today from a surprising initial setback in the battle over new farm legislation.

Both the House leadership and the rival fixed-support group predicted victory when yesterday's House action, still tentative, comes up for a formal verdict today.

WASHINGTON (P) — Weary senators a marathon session behind them and promise of a three-day holiday ahead, gathered for a quick push to final passage today of the administration's disputed tax overhaul bill.

Leaders on both sides predicted the remaining half-dozen or so amendments would be disposed of in short order.

## Schools Asked To Mark Penna. Week

Schools of the county have been asked by State Superintendent of Schools Dr. Francis B. Haas, through the local county office, to make special observance of "Pennsylvania Week," October 10-17.

Dr. Haas, in his letter to Superintendent of Schools H. Edgar Riegle said that this year marks the 100th anniversary of the School Act of 1854 which established the county superintendent of schools system and, among other things, set a minimum school term of four months.

The state superintendent suggested that the schools appropriately observe the centenary as part of the Pennsylvania Week observance.

Governor John S. Fine, in proclaiming the period as Pennsylvania Week, suggested that the theme, "It's Your Pennsylvania—Keep It Growing," provides "proper scope" for a "resume of Pennsylvania's leadership in commerce, industry, culture, religion and resources."

## FARMERS NEED

(Continued from Page 1)

arrangements through the county ASC office.

**Harvest Underway**  
Walter said he believed the arrangement was made because farmers must have certificates showing they abided by the wheat quotas before they can place the wheat on loan and also because the space available, 500,000 bushels, is small and the method may be used to prevent more wheat than can be handled from being sent to the Marietta plant.

Walter said a number of farmers are already harvesting wheat and that if the dry weather holds most will probably be cutting wheat by July 6.

The federal loan amount for Adams County is \$2.36 for No. 1 wheat. Most Adams County wheat is No. 2 or No. 3 wheat however, which would put that amount a few cents less than the top \$2.36. In addition, all wheat stored is figured as at least "light garlicky" which takes six cents more off the price.

**Early Blight Is Found In Tomatoes**  
County Agent Frank S. Zettle today reported that Alternaria early blight has been found in many tomato fields in the state and recommended that tomato growers spray for protection against both early and late blight.

No late blight has as yet been found in Pennsylvania but it has been reported on tomatoes in South Carolina and potatoes in North Carolina, he said.

The blight generally attacks tomatoes at about the time they reach one-inch in diameter, and the spray to be used consists of two pounds of ziram per 100 gallons of spray when late blight is not present in the vicinity. If late blight appears nearby a combination of compound of ziram or manzate plus two pounds of 50 per cent fixed copper and one-half pound of powdered skim milk should be used per 100 gallons.

## COUNTY PUTS

(Continued from Page 1)

for another "replanking job," the commissioners said.

Covered bridges "never rot out" — but the planks do wear out with use. After a half century or so some of the planks on the floors are worn down to a mere inch in thickness. Fortunately the floors are double and probably would stand another half century before someone would go through the bottom of the bridge. Concrete bridges are the best, say the commissioners, taking little more than some spraying to keep down weeds about the edges of the bridges and an occasional touch of paint to make the approaches more visible.

Plans to place a reinforced concrete span on a former steel-tier bridge near East Berlin are being watched carefully by the commissioners who may find in that method a manner of getting rid of the steel-tier bridges relatively inexpensively.

# Decision Or Lack Of It On U.S. Role Against Reds In Southeast Asia May Be Crucial

By JAMES MARLOW

WASHINGTON (AP) — Twenty-five years from now—if by then the Communist wave has receded or is lapping at American shores—the cause may be traced back to this country's decision, or lack of it, on its dilemma of 1954.

The dilemma is what to do about the Communist threat in Southeast Asia where the French, in Indochina, are melting under the torrid drive of the Communist-led Vietminh.

What decision has this country made so far? None. It is going to plan with the British and other Allies for united action in Southeast Asia against the Communists if they—

No Sign Of Interference

If they do what? Nobody knows. At this moment the United States doesn't seem to know whether a line will have to be drawn in Indochina against the Communists, or perhaps outside Indochina because that country couldn't be defended any longer.

There is even no certainty that a line will ever be drawn or that the

Allies will in fact ever act together, or separately, to keep Southeast Asia out of communism.

Indochina has three states: Viet Nam, Laos, Cambodia. The fighting between French and the Vietminh is in Viet Nam. The French are being smashed. They may be forced to yield all of Viet Nam unless the Allies intervene. There is no sign the Allies have any such intention.

Sen. Knowland Stirred

The lack of decision by America and its allies stirred Sen. Knowland of California yesterday. Knowland, the Republican leader in the Senate, had urged the United States to bomb China during the Korean War.

Less than a month ago he said the United States will have to "face up to the fact" it may have to fight in Indochina. Yesterday looking at Viet Nam slowly falling to the Communists and little being done to stop it, he said:

"Where do we go from here? How many more Communist victories must be gained in Asia before the free world recognizes the

danger?"

He continued: Will the non-Communist countries cling to their feeling it is not worth the risk of fighting when it comes to Cambodia, Laos, Thailand, Burma, Malaya, India, Pakistan, Formosa, Japan, Indonesia, the Philippines, Australia, New Zealand?

Decision Day Coming

When the crisis came in Indochina—although all year the Eisenhower administration had been talking of the importance of Indochina and how, if it fell, all Southeast Asia stood in peril—the President's advisers were divided on what to do.

Meanwhile, China, the main enemy, could stand aloof, sending in supplies to the Vietminh, letting the Vietminh do the dying. If China sent in her own troops, the United States would face another decision: whether to bomb China. That might bring in Russia, on China's side, and start World War III.

But, as Knowland noted, if the United States never moves in anywhere, the Communists in time will try to take over everywhere. The Eisenhower administration will have to make a decision some day.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

**FIFTEEN YEARS AGO**  
Additional Rare War Relics Housed  
In Enlarged Rosensteel Museum;  
Hugh Relief Map Completed: George  
D. Rosensteel, owner-director of the  
Gettysburg National Museum, has  
announced the opening of his new  
fireproof display building and map  
room. The second story of the building,  
arranged in balcony effect, looks  
down upon the first floor which  
contains the world's largest relief  
map of the Gettysburg battlefield.  
The map, nearly three times as large  
as any other Gettysburg map in existence,  
has been under construction  
for over two years and was built  
under the supervision of Rosensteel  
and his son, Joseph.

Young Rosensteel has perfected a  
system of lights in connection with  
the map whereby an electrical pageant  
of the battle is shown every thirty  
minutes. The lights are arranged  
in such a manner that the location  
of every Union and Confederate  
regiment can be given from the  
time it entered the scene of the  
battle until it withdrew.

There are 314 lights on the map,  
175 switches controlling them. Two  
miles of wire was used in making  
the connections.

With the opening of the new  
building Gettysburg now has the  
largest collection of American Civil  
War relics owned by any one man.  
This is the elder Rosensteel's 44th  
year as a collector and 67 display  
cases are required to show his collection.

Joseph Rosensteel, historian at  
the Gettysburg National Museum,  
will leave tonight for the New York  
World's Fairgrounds where on Sunday  
he will participate in the exercises  
commemorating the memory of  
General Longstreet. Rosensteel,  
who was appointed Director-General  
of the Longstreet Memorial Association  
in April of this year, will be in  
the reviewing stand during the military  
review that will inaugurate a day's  
program honoring the name of  
General Lee's chief lieutenant.  
The review will be followed by a  
luncheon in the Ford building on  
the Fairgrounds. Rosensteel will  
speak at the luncheon which is being  
given by the Ford Motor company  
in honor of the Longstreet Memorial  
Association.

Nelson Spence Undergoes Appendicitis Operation: Nelson Spence,  
youngest son of Sheriff and Mrs.  
B. W. Spence, submitted to an  
emergency operation for acute appendicitis  
at 2 o'clock Tuesday morning in the Polyclinic hospital  
at Harrisburg. He was taken suddenly  
ill Monday night. He is employed  
by the state Department of Highways  
at Harrisburg. His condition  
is reported to be improving.

Apply For License: On Monday  
afternoon George Eugene Grot, son  
of Mr. and Mrs. George N. Grot,  
Gettysburg, and Mary Elizabeth  
Krise, daughter of Mr. and Mrs.  
Emory Krise, Mt. Pleasant township,  
filed an application for a marriage  
license at the office of the clerk  
of the courts here.

Four County Districts Name  
School Nurse: Miss Martha D.  
Mansberger, York Springs, has been  
elected a school nurse in four Adams  
county districts—Biglerville, Fairfield  
and York Springs borough and  
Hamiltonban township.

Miss Mansberger's weekly schedule  
as a circuit school nurse will include  
one and one-half days each in  
Biglerville borough and Hamiltonban  
township and one day each in  
Fairfield and York Springs borough  
schools. This position is the first  
school nurse post in the fourth  
class districts of Adams county. Her  
salary has been set at \$1,050. She  
will have health supervision over  
1,020 pupils.

Bringman Re-Appointed County  
W.P.A. Supervisor: Jay W. Bringman,  
Biglerville, has been re-appointed  
Adams county supervisor of the education  
and recreation division of the W.P.A. for  
another year.

The appointment, which was received  
from Harrisburg, was effective on  
July 1. Bringman has been supervisor  
for two years. He was teacher under  
the same division for a year prior  
to his promotion.

There are now 16 persons under  
his direct supervision.

### MEMORIES AND MEMENTOS

A home has a personality the same as an individual. In fact the home is the product of many personalities, represented by memories and mementos. A person who has widely travelled and brought interesting things from all points of the compass has very interesting stories to relate. That one's home suggests a Treasure house.

We spent a delightful weekend recently at the country home of an old friend—friends is better, for there were two of them. Being literary and newspaper people, all over their home was something to suggest some part of the world where they had been. Many of the treasures being gifts from friends, had a certain living quality to them.

Among book lovers are the inscribed books from authors who are dear friends. An intimate part of their personality seems to shine out from the many interesting inscriptions. The late Robert (Bob) H. Davis was a master at unique inscriptions in his book which he gave to friends.

But to go back to my friends' home. There were framed cartoons, illustrations, mementos from foreign lands, personal gifts that helped to brighten the home and keep many a memory fresh, and all made a part of the home, each being tastefully displayed on walls, mantels, and interesting nooks. All these things in a home keep scores of memories fresh and ever filling our mind with gratitude for those we love.

You can learn so much about people from noting the things they display in their homes, and the value that they place upon simple things just because a friend presented the article, or because it had an interesting history. Memories and mementos go together. They are stars in the heart!

Tomorrow Mr. Adams will talk on the subject: "Night-Cap Reading."

## Just Folks

**THE ORDINARY PLAYER**  
I do not write this to complain.  
It's just the simple truth I pen.  
While some publicity attract  
By breaking records now and then.

At golf I've never broke par.  
Pinch—when they wed and meid—  
My cards indifferent always are.  
A perfect hand I've never held.

I do not wall my luck is bad.  
Although it's years since I have played.  
I don't remember, as a lad,  
One grand-slam homer that I made.

I've never bowled a perfect game.  
The poorest score was often mine.  
At cribbage it has been the same.  
I've never had a "twenty-nine."

At bridge no solid suit I've drawn.  
The slams I've bid I've seldom made.  
When hearts are trumps I'm told  
With scorn:  
"Of course, you should have bid a spade."

Although to do my best I've tried,  
Content with less I've had to be;  
Hence, no publicity or pride.  
Perfection wasn't meant for me.

## ENDORSE NEW PLAN FOR SALE OF ANTLERLESS DEER PERMITS

By DICK HOENIG

HARRISBURG (AP)—A new plan for issuing special antlerless deer hunting permits through a central agency received the full support of organized sportsmen of Pennsylvania today.

The present method of sale, only through county treasurers as set forth by law, resulted yesterday in the State Game Commission declaring a closed season on doe for the first time in 10 years.

"Some other system is needed, there is no doubt about that," commented Joseph H. Barkley of Punksutawney, president of the Pennsylvania Federation of Sportsmen's Clubs. The federation has nearly 1,000 clubs with a membership of over 187,000.

Many Protests  
When the permits were issued on the county level at \$2.15 each last fall sportsmen from every corner of the state protested injustice. Specifically they claimed some hunters could get 20 or more permits while others found the county quota gone and that out-of-county and even out-of-state hunters received permits while residents didn't.

As outlined by Barkley the big points of the federation plan are:  
1. Permits should be issued

the heat. While Gettysburgians sweltered today (July 7) the official thermometers of Dr. Stewart, local observer, registered a scant 89 degrees by mid-afternoon, a reading considerably below earlier peak temperatures.

2. Each envelope should be limited to a single application for a permit, listing the three counties preferred by the hunter.

3. Permits should be issued on a first come first served basis until the quota is gone.

To Try Next Year  
"This is our plan or as near as we can get it now. Unless someone comes up with a better proposal it is what we will back and support. Next year we will press the Legislature to incorporate these amendments into the law so that we can have an antlerless season again."

Dr. Logan J. Bennett, game commission executive director, said yesterday the chief reason for banning doe hunting this year was that "neither the sportsmen, county treasurers or the game commission could live with the present law."

Bennett declined to comment on the federation's proposal but stated, "I'm sure there is no problem at all that we can't figure out to our mutual satisfaction by sitting down and thrashing it out."

Like Drivers' Licenses  
Barkley reported the federation had sought commission appraisal of its plan but had received no answer.

Barkley emphasized that the

federation has nothing against the commission's practice of setting county quotas for the doe season as a method of controlling the herd.

"Our idea is to issue the permits like driver's licenses are handled," Barkley added. "We'd even like to see the regular hunting license issued that way but there's little chance of that."

12-Day Bear Season  
The commission's 1954 regulations established Pennsylvania's longest bear hunting season since 1932. It is 12 days or double the 1953 hunt. In addition the commission opened the entire state to wild turkey hunting for the first time and restored quail to the legal game list after an absence of one season.

Last year's 7 a. m. first day opening of the regular deer season and the Saturday opening for the small game season were retained

for 1954.  
Closed seasons were maintained on Hungarian partridges, hen pheasants, sharp-tailed grouse, cub bears, elk, spike buck with antlers less than three inches and others.

The hunting dates: Archer's deer Oct. 11-Oct. 23; buck deer—Nov. 29-Dec. 11; bear—Nov. 15-Nov. 27; and small game—Oct. 30-Nov. 27. Sunday hunting is illegal.

Wives of American men who marry in their 20s average about a year younger than their husbands, but wives of men who marry when they are older tend to be considerably younger than their husbands, the age differential increasing with increasing age at the time of marriage.

Signs Misleading  
GOLDSBORO, N.C. (AP)—Sheriff's deputies didn't believe the signs on the barrels hidden in woods near here. So they went ahead and tested the barrels' contents.

It was mash — the kind used to make liquor.  
The signs read: "Polson—Cotton Molasses."

## While Indians And White Sox Knock Each Other About In Next 10 Days, Yanks May Take Lead

By BEN PHLEGAR

AP Sports Writer

The time has come for the New York Yankees to sit back and watch Cleveland and Chicago knock each other around long enough for the Yanks to slip into the American League lead.

It may not happen that way, but there never will be a better opportunity.

Here's the situation in the league in the next 10 days.

Cleveland, now leading by three games, has to play the second-place White Sox eight times between tonight and a week from Sunday.

**Yank's Chance For The Top**

During the same spell the Yankees will be meeting fifth-place Washington in seven games. And right here may be the kicker. The Yanks should win most or all of those games, but there is no certainty that they will. So far, the Senators steadfastly have refused to play dead for the New Yorkers. In fact, they've won five of the nine games played so far.

Cleveland and Chicago have met eight times with the White Sox winning five. Even if they can keep up this average the Sox will gain only one full game on the Indians. They'll still trail Cleveland by two.

But the path would be open for the Yankees. If they could win their seven with Washington they'd shoot to the top, a game in front of Cleveland.

**Giants Beat Brooklyn Again**

New York was the only one of the American League contenders that played yesterday. The Yankees jumped away to a 7-0 lead at Boston but had to struggle for an 8-7 victory. This left the Yanks 3½ games out of first place.

In the National League, the New York Giants swept into a four-game lead by whipping Brooklyn for the third straight day 5-2. St. Louis crushed Milwaukee 9-2 with Stan Musial and rookie Joe Cunningham hitting two home runs each. No other games were scheduled in either league.

Johnny Sain, who has allowed only eight runs in 35 2/3 innings of relief pitching, came to the Yankees' rescue in Boston and shut out the stubborn Red Sox through the final three innings. Home runs by Mickey Mantle, Hank Bauer and Andy Carey were the big blows in the Yanks' 12-hit attack.

**Dusty Rhodes Again**

The Giants used another of their patented late-inning climaxes to hog-tie the Dodgers. After Brooklyn had pulled into a 2-2 deadlock in the seventh on home runs by Roy Campanella and Carl Furillo, the Giants came back with three in the eighth. The first two of the three came as pinch hitter Dusty Rhodes duplicated his game-winning single of Tuesday night with the bases loaded.

A single, a throwing error by Roy Campanella on a sacrifice bunt and a walk by Erv Palica set it up for Dusty, who batted for Monte Irvin. Ruben Gomez, with ninth-inning help from Hoyt Wilhelm and Marv Grissom, won his seventh game.

**Haddix Benched By Injury**

Cunningham, brought up to the Cardinals Wednesday as a replacement for Tom Alston, hit one home run in his first major league game Wednesday at Cincinnati and drove home four runs with his two blows into the right field seats at Milwaukee yesterday.

Harvey Haddix, the league's biggest winner, was struck on the leg by a line drive off the bat of Joe Adcock in the fourth inning, but early fears of a fracture were dismissed by a hospital examination. He probably will be out 10 days.

**YESTERDAY'S STARS**

**By THE ASSOCIATED PRESS**  
Batting — Joe Cunningham, St. Louis Cardinals, hit two home runs and drove in four in his second major league game as the Cards beat Milwaukee, 9-2.

Pitching — Johnny Sain, New York Yankees, allowed only one hit in three innings of relief, salvaging an 8-7 victory for New York over Boston.

**LAST NIGHT'S FIGHTS**  
**By THE ASSOCIATED PRESS**  
HOLLYWOOD, Calif. — Vince Martinez, 146, Paterson, N.J., outpointed Art Aragon, 145½, Los Angeles, 10.

DANBURY, Conn. — Frankie Sodano, 131, Philadelphia, outpointed Jimmy Ithia, 125½, Havana, 8.

**BROOKLYN** (Port Hamilton) — Rocky Tomassello-Irvin Schulz bout cancelled, rain.

**LITTLE LEAGUE TONIGHT**

When Pete Runnels of the Senators hit a home run against the White Sox this season, it was the first such drive he ever hit in Griffith Stadium.

## CHAMBERSBURG NAMES COACH

The Chambersburg School Board has elected William P. Hahn, twice selected Maryland Coach of the Year while at Ft. Hill High in Cumberland, Md., as its head football and track coach.

Dr. J. Frank Faust, superintendent of schools, made the announcement and said that Hahn, is married and the father of two sons. He was elected at a school board meeting Thursday night.

At the helm of the gridiron sport, Hahn will replace Robert J. Beard, a highly-successful coach at Chambersburg who resigned to become principal of Chambersburg Junior High.

Hahn lost only seven games in nine years at Ft. Hill and was named Maryland "Coach of the Year" in 1947 and 1951. In addition his track teams won six of eight state championships.

Faust said that Hahn was from West Virginia and "over 40" years old. Although he has not accepted the job, he did apply for it and therefore his acceptance is viewed as probable.

Hahn attended Shepherd College and received a Master's Degree from the University of West Virginia. He is presently attending the University of Maryland.

## 12 Games Over Holiday Weekend

A big holiday weekend program of 12 baseball games is scheduled in two local leagues, four in the South Penn League on Sunday and four each Sunday and Monday in the Pen-Mar circuit.

Originally the South Penn League planned to hold an All-Star game on July 4 but the plans were dropped and instead it was decided to play the games which had been carded as twilight contests on June 23.

Sunday's games will be: Greenmount at Wexville, Brushstown at Huntertown, Harney at Taneytown, and Bonneauville at Mummaburg.

**Pen-Mar Tilts**  
The Pen-Mar organization has regularly scheduled games for both dates.

Those listed for Sunday are: New Windsor at New Oxford, Union Bridge at Emmitsburg, Blue Ridge Summit at Cashtown, and Fairfield at Thurmont.

Monday's program includes Cashtown at Thurmont, New Windsor at Fairfield, Emmitsburg at Blue Ridge Summit, and Union Bridge at New Oxford.

## RAIMO RESIGNS AT VILLANOVA

VILLANOVA, Pa. — Villanova University was without a head football coach today following the surprise resignation of Art Raimo for "personal reasons."

Athletic Director Ambrose (Bud) Dudley said Raimo's departure yesterday after 3 years at his alma mater, was a "complete surprise to me." As a result, he said, "we have given no thought to a successor."

Other than to say his decision was a sudden one and that he expected to move to an unidentified university as assistant coach within a week, Raimo declined to comment on his resignation.

It was known, however, that he was annoyed with having only a two man coaching staff, one of whom had to double as a scout.

Also, the Wildcats were constantly on the road. Failure to attract a home audience despite the size of the Greater Philadelphia area, sent the team to half a dozen states last season. Only two engagements in a nine game schedule will be played at home this year.

Raimo's teams won 16, lost 10 and tied one.

## DESPERATE A'S TURN TO MAYOR

PHILADELPHIA (AP)—The Philadelphia Athletics, scraping the bottom of the financial barrel to last out the season, have turned in desperation to the city's mayor for help in bolstering their attendance.

And Mayor Joseph S. Clark Jr. said today the problem is simple: If Quaker City residents want the franchise to stay in Philadelphia they've got to get out and see the A's play.

Now in their 54th year in Philadelphia, the Athletics have drawn only about 125,000 paid admissions for 34 home games. To break even this year the A's need at least a half million paid attendance. To keep their farm system operating, a minimum attendance of 750,000 is necessary.

Those are the statistics, Clark has called for a meeting on July 8, of 75 leading citizens from Philadelphia to form a "Mayor's Committee to Keep the Athletics in Philadelphia."

## Eastern League

**By THE ASSOCIATED PRESS**

The Albany Senators are laying down the law in the Eastern Baseball League.

Manager Jack Burns' club, in its fifth place a week ago, last night dropped the visiting Reading Indians twice, 3-0 and 12-4, to cut league-leading Elmira's margin over Albany to two games. The Senators trail the second-place Wilkes-Barre Barons by one game.

The victories gave Albany a sweep of the three-game Reading series, and followed on the heels of three wins last weekend over the Barons.

Wilkes-Barre closed out an all-winning three-game set at Elmira, 5-2; the Binghamton Triplets edged the host Allentown Redbirds, 7-6, and Williamsport tripped the invading Schenectady Blue Jays, 5-3, in the clubs' battle for last place.

It was known, however, that he was annoyed with having only a two man coaching staff, one of whom had to double as a scout.

Also, the Wildcats were constantly on the road. Failure to attract a home audience despite the size of the Greater Philadelphia area, sent the team to half a dozen states last season. Only two engagements in a nine game schedule will be played at home this year.

**SPORTS IN BRIEF**

**By THE ASSOCIATED PRESS**

**GOLF**

PEABODY, Mass. — Babe Didrickson Zaharias of Beaumont, Tex., and amateur Claire Doran from Cleveland fired even 72s to share first round lead in the Women's National Open.

Detroit — Dave Douglas shot a three-under-par 68 despite a two-stroke penalty, to take first round lead in Motor City Open.

ATLANTIC CITY, N. J. — Shriner by the thousands paraded and cavorted in this seashore resort last night to climax their annual convention.

The parade followed the colorful installation of Frank S. Land of Kansas City, Mo., as imperial potentate of the Ancient Arabic Order Nobles of the Mystic Shrine.

Land, founder of the order of Demolay, which is a Masonic group for boys, succeeded Remmie L. Arnold of Petersburg, Va., as the top man among the 700,000 shriners.

**12 Others Installed**  
Along with Land, 12 other officers were installed in the hour-

long ceremonies to make up the new Imperial Council Divan. O. Corlyle Brock, Erie, Pa., was installed as imperial outer guard.

Then the new shriner officers reviewed the noisy parade in which more than 80 bands and some 200 marching units took part.

On a more serious note, a \$100,000 appropriation was voted by the council for expanding the Shrine's hospital for crippled children in Mexico City. The council said Mexico City Shriner would try to raise an additional \$125,000 for the same project.

In another action, the council voted to hold next year's shrine convention at Chicago in June.

## RIO GRANDE IS BACK IN BANKS; MAY BE 400 DEAD

EAGLE PASS, Tex., (AP)—The Rio Grande was back in its banks today, its receding waters carrying the secret of how many died and leaving mounds of foul, disease-breeding mud.

Hidden in the muck and in the draining waters was the answer to whether the best available figures—62 dead, 90 to 400 missing—fall short of the truth.

President Eisenhower declared the stricken borderland eligible for disaster loans. Gov. Allan Shivers' own state disaster task force flew to the border to work with the federal people. The Red Cross, the Salvation Army and individuals had little rest.

Clothing, food, medicine and money were on the way. The need was greatest across the river in Piedras Negras, whose announced toll of 38 dead and 90 missing may be a mockery. One Mexican army major said the dead there may number more than 400.

**Mexicans Too Proud**  
Nuevo Laredo, sister Mexican city of Laredo, Tex., counted its first dead—the bodies of five members of a family identified only as Gomez. They were recovered yesterday.

Mexican pride prevented delivery of aid which the United States was anxious to send across the river. Apparently protocol demands a formal request from the Mexicans. The request was not forthcoming, although everyone here knew food, medicine, water and technical help was needed in Piedras Negras.

**Truman's Recovery To Be Slow Process**  
KANSAS CITY (AP)—Former President Truman's recovery from his illness apparently will be a slow process.

In the latest report on his recuperation, a Research Hospital spokesman said last night he was "progressing well but slowly." The spokesman added that his doctors agree that with such a devastating illness he cannot be expected to respond quickly.

### JESUS, OUR EXAMPLE

Luke 2:40-52

Key Verse: Jesus increased in wisdom and stature, and in favor with God and man. Luke 2:52  
The scripture passages we are to study in this quarter are based on the principle that Christians are expected to grow in faith, character and Christian living. God has provided means toward this end. Among them are regular Bible study, prayer and dependence on the grace of God. Our first study fittingly is based on Jesus as example and Lord.

One can do no better than to adopt an ideal personality to help him shape his own life. And that ideal is Jesus the Christ. To endeavor to follow Him step by step as Jesus's life unfolds is the highest aim one can have. His first appearance was at a feast of the Passover in Jerusalem at the age of twelve. But there must have been quiet but important developments in His life before that occasion. We can only surmise what they were by what we know of customary child training at that time.

After His dedication in the Temple at Jerusalem the Child was taken home to Nazareth and Luke reports that He was "filled with wisdom." Two agents were active in a child's religious nurture—the home and the synagogue. The parents, especially the mother, would tell the children about the prophets and teach them prayers. The home was an important factor in a child's life even more so than

it is in our day. Then the synagogue usually conducted a school where the Rabbi gave more formal instruction in religion. We may assume that Jesus was diligent and thoughtful in His work both at home and at school. In His later life He quoted freely from what we now call the Old Testament. Also as He grew older He gave a richer and fuller meaning to what He had learned as a boy. Mary and Joseph, being devout and faithful, would not fail in their duties to the children in their family. A birthday text would be memorized, a simple prayer taught and used, and psalms repeated or sung.

At about the age of twelve a Jewish boy was prepared to become a "son of the law." That meant the lad was now ready to assume the responsibility for keeping the commandments given by God. It was at the age of twelve that Jesus went with Joseph and Mary to the Passover at Jerusalem. Very likely this was His first attendance at this feast. It is very likely also that He had become a "son of the

law" before this time. At least He was well prepared to engage in discussions with the learned men of the Temple. His training at home and in the synagogue had been effective.

About a day's journey on the way home from the feast it was discovered that Jesus was missing. Anxiously Joseph and Mary returned and found him among a group of learned men discussing religious matters. The mother asked, "Son why have you treated us so?" The answer: "Did you not know I must be in my Father's house?" In that reply there seems to be a consciousness in Jesus that His heavenly Father had a special commission for Him. After this incident we hear no more of Jesus until His public ministry began 18 years later. Luke (2:51-52) draws down the curtain, as it were, with Jesus increased in wisdom and in these significant words: "and stature, and in favor with God and man." In Jesus we have the perfect example for Christian living.

**GIRDERS**

You must have girders to build a skyscraper. Only a mesh-work of steel can endure the weight, strain and atmospheric variations to which such a structure is subject.

And you must have girders to build a man... girders of faith and moral courage that will enable him to stand erect against the pressures and onslaughts of human experience.

The Church builds the girders into a man's life; that will mold his stature later. In youth it reinforces these with "cross-beams" that solidify his moral character. Day by day, all through adulthood, the Church "rivets" into their proper place the truths and ideals and aims that enable him to reach his full stature.

Faithfully, generously give strength to the Church. Faithfully and generously it is building strength into our lives.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# PA. DEM. HEAD PREDICTS PARTY WILL WIN 8 GOP SEATS IN FALL

By J. FRANK TRAGLE  
WASHINGTON (AP) — Joseph M. Barr, Pennsylvania Democratic chairman, predicts his party will pick up at least eight Republican congressional seats in the Keystone State next November.

At a news conference Wednesday, Barr said that "as a minimum," the Democrats will reverse the present standing of 19 Republicans and 11 Democrats in Pennsylvania.

Barr was in Washington with other state Democratic leaders,

including State Sen. George Leader, Democratic nominee for governor. They met with national Democratic leaders, Democratic House members from Pennsylvania, and Democratic leaders of Congress for a campaign strategy meeting.

## Economic Pinch

Leader told reporters he feels the conditions that will help the Democrats pick up eight additional House seats will help the whole ticket this fall. He said he feels that Pennsylvania has been hit harder economically than any other state and added that "any incumbent in time of stress is going to feel the consequences."

Barr said he is hopeful his party will win all 30 seats but that he is confident the 11 incumbent Democrats will be re-elected and that 8 additional seats will be won away from Republicans.

He didn't pin point the seats he expects the Democrats to pick up but said the hard and soft coal

areas, and the textile, steel, and railroad centers would be especially favorable from a Democratic point of view because of unemployment and part-time employment. He also said "farmer discontent" is a Democratic asset in this campaign year.

Barr responded thus to specific questions:

**Philadelphia Addition**  
He feels the Democrats would win the seat now held by Rep. Scott, Philadelphia Republican, and add it to the five Philadelphia seats now held by the Democrats.

The Democrats have good chances in the districts now represented by Republican Reps. Carrigan, Bonip, Van Zandt, King, Fulton, Graham, Stauffer and Saylor.

A different forecast has come from Rep. Simpson, dean of the Pennsylvania Republican congressional delegation and chairman of the Republican Congressional Committee. He has said the Republicans will pick up five Democratic seats in Pennsylvania, raising the Republican total to 24.

Barr was asked what he thought of a recent statement by Simpson that he feels Sen. McCarthy (R-Wis) can be an asset in the Republican congressional campaign if he appears in districts where the nominees request his presence.

**McCarthy A Factor**  
Barr said he considers the McCarthy-Army controversy "a Republican row and I am willing to let the chips fall where they may."

He said Pennsylvania Democrats "will welcome McCarthy in the state if the Republicans see fit to bring him in."

Agreeing with Barr's statement, Stephen A. Mitchell, Democratic national chairman, said he was interested to see if Simpson would invite McCarthy to speak in his central Pennsylvania district.

Accompanying Barr and Leader to Washington were Roy Furman, Democratic candidate for lieutenant governor, and Genevieve Blatt, Democratic candidate for state secretary of internal affairs.

## SEN. BUTLER OF NEBRASKA DIES AFTER STROKE

WASHINGTON (AP) — Republican Sen. Hugh Butler of Nebraska died at the age of 76 last night, the fourth U. S. senator and the second from his state to succumb this year.

Butler, who had been elected to his third six-year term two years ago, suffered a stroke Wednesday night. He was taken to the naval hospital at nearby Bethesda, Md., yesterday morning and died there about 11:30 p.m. last night.

The day before he had been active in the Senate, apparently in good health.

**Strong Campaigners**  
A former grain dealer, he was a strong campaigner who defeated several governors in his various campaigns for the Senate. He was active in Rotary and the Congressional Club.

His wife and two children preceded him in death.

Sen. Eva Bowring (R-Neb) announced his death in the Senate, working late on a big tax revision bill, and it immediately recessed out of respect. Mrs. Bowring is serving by appointment, filling the vacancy created April 12 when Republican Sen. Dwight P. Griswold died, also after a heart attack. Griswold was 60.

**Won't Affect Lineup**  
Two other senators have died this year: Clyde R. Hoey (D-NC), 76, and Lester C. Hunt (D-Wyo), 61. Hoey suffered a heart attack; Hunt shot himself.

And three Senate members of the 83rd Congress died last year: Willis Smith (D-NC), 65, Charles W. Tobey (R-NH), 65, and Robert A. Taft (R-Ohio), 63.

Butler's death will not affect the Senate lineup, now 47 Republicans, 47 Democrats and 1 Independent. ov. Robert Crosby of Nebraska is a Republican and will appoint a Republican to serve until the November election.

**Held High Seniority**  
Butler, a quiet-spoken man with white and wavy hair, was a native of Missouri Valley, Iowa, and a graduate of Doane College at Crete, Neb. He had served as chairman of Doane's trustees.

Among Senate Republicans, only two outranked him in seniority: Senators Bridges (NH) and Wiley (Wis). Butler was chairman of the Interior and Insular Affairs Committee and served on the Finance Committee. He was also chairman of the group which assigns GOP senators to committees.

## Holiday Traffic Hits Road Today

CHICAGO (AP) — Motorists able to get ahead of the crowd hit the highways early today for the long July 4 weekend.

Other thousands went to work with grips packed with sports clothes, ready to catch evening trains, buses and planes for summer resorts.

The National Safety Council estimated that with good weather 40 million cars will be on the nation's highways Saturday, Sunday and Monday. The peak volume of travel will occur Monday afternoon and evening when the tourists head home.

For some 430 of the highway travelers, this may be their last July 4 holiday weekend. The council estimates that number will be killed in crashes between 6 p.m. today and midnight Monday.

U. S. business men estimate that the nation's industry is now spending 2 1/2 billion dollars a year on research, 15 times what was spent 25 years ago.

PITTSBURGH (AP) — The state's boroughs don't want legalized horse racing or bingo.

At the closing session Wednesday of the 43rd annual convention of the Pennsylvania Assn. of Boroughs, delegates rejected resolutions favoring racing, pari-mutuel betting and legalized bingo on a local option basis.

The delegates also asked more control by boroughs of their individual taxing programs, and turned down a proposal that borough secretaries be placed under civil service.

## Original Tobacco Auctioneer Dies

ROBERTSONVILLE, N. C. (AP) — F. E. Boone Sr., the man who made familiar to America the chant of the tobacco auctioneer, died at his home yesterday.

The 61-year-old Winchester, Ky., native had spent 40 years as a tobacco auctioneer and gentleman farmer. He died of heart disease. He appeared in live broadcasts of a national network from 1937 to 1951, performing the auctioneer's chant.

## CIO BREAKS IUE HOLD WITH GE

SCHENECTADY, N.Y. (AP) — After a long, bitter struggle, the CIO has broken the 18-year hold of the Independent United Electrical Workers Union of the General Electric Company's main plant.

The CIO's International Union of Electrical Workers on Wednesday was declared the winner of a National Labor Relations Board election to decide which of the two rival unions should act as bargaining agent for nearly 20,000 plant workers.

An NLRB examiner announced after day-long voting at the plant that 9,005 of the workers had voted for IUE and 5,179 for the UE. There were 267 votes for no union. The examiner reported also that there were 33 ballots under challenge and 32 declared void. He said 19,668 workers were eligible for vote, which indicated that 5,217 did not participate in the balloting.

The election, which went off without incident, climaxed a fierce struggle dating back to 1949, when the UE was expelled from the CIO on the ground it was Communist dominated. The CIO later organized the rival IUE.

REBEL LEADER, GOVERNMENT SIGN PACT

By CARLOS S. ESCUDERO SAN SALVADOR, El Salvador (AP)—Guatemalan rebel leader Carlos Castillo Armas and government chief Efigenio Monzon signed a peace pact here early today to end their country's two-week-old civil war. Authoritative sources said the peace treaty provided for a new five-man military junta—Guatemala's fourth government this week—with Col. Castillo a member but with Col. Monzon heading it for the next 15 days.

After that, it was reported, the junta will elect a "permanent" chief.

**See Castillo Plans** The junta reportedly will be made up of two of the rebels—Castillo and his "defense minister," Col. Enrique Oliva, and three members of the previous government—Monzon, Foreign Minister Col. Mauricio Dubois and Defense Minister Col. Jose Luis Cruz Salazar.

Observers here figured Castillo, during the two-week period, would seek to win the allegiance of one of the latter pair so that he could eventually head the junta. The new junta reportedly will fly to the Guatemalan capital at 11 a.m. tomorrow to take over.

**More Trouble Ahead** Awaiting them there was still more trouble, from Communist supporters of deposed President Jacobo Arbenz Guzman who were reported inciting peasants outside the capital to rise against the country's new rulers. The Red leaders, who fled to the

## "Never Thought To See It Happen Here," Says Flood Victim Whose Hotel Is Gone

By ROBERT H. JOHNSON JR.

PIEDRAS NEGRAS, Mex. (AP)—Emilio Sandoval sat slumped in a straight-backed chair in the doorway of his ruined hotel. He rubbed the three-day stubble of black and gray on his jaw and glanced back at the bare room, at the warped boards cluttering the stone floor, at the five-foot water mark on the walls.

"You will forgive me, please, if I don't get up," he said.

His clenched fist made a circular motion over the pit of his stomach.

"I am upset by this," he said.

"I have a bad feeling in here."

**Trapped In Hotel**

Monday night Sandoval had been hurrying to clear the lobby of his hotel before flood waters moved in. He was trapped in the hotel when the rising water took a sudden surge.

"I never thought to see it happen," he said. "Nothing like it ever happened before — to see the water racing down that street."

That is why Sandoval is like most of the living and the dead in Piedras Negras — they never thought to see it happen.

**Getting Some Help**

Now the border sun bakes the caked mud in the streets and shimmers off the foul waters still standing in many places. There is no water system left in the town of some 35,000 across the Rio Grande from Eagle Pass. Children squat and scoop water out of the streets

to quench their thirst, and old women bending double to wash their clothing in the pools bring it up coated with slime.

Across the border south Texans have gathered up donations of food and a helicopter assigned to the Red Cross by Gary Air Force Base, San Marcos, Tex., brings it across, trip after trip. But the only distribution system is to pile the food in pickup trucks and drive it to camps that sprawl squallidly over the hills around town.

Mexican authorities bring in tank trucks full of pure water from inland towns but there isn't enough to go around.

## WOMAN ADMITS HER GUILT IN ELECTION CASE

LOCK HAVEN, Pa. (AP)—Mrs. Helen Chapman, Democratic minority inspector of election in nearby Flemington borough, pleaded guilty yesterday to charges of violation of the election laws.

Judge Walter I. Anderson of York County, specially presiding at Mrs. Chapman's trial, deferred sentence and released her in \$2,500 bond. The maximum penalty for the charge is a year in prison or \$1,000

It takes a mighty heave to hurl a successful pitch at one of the concessions at the firemen's festival. At least, so it would seem from the expression on the faces of the young hurlers. Paul E. fine or both.

Mrs. Chapman's action in changing her plea from innocent to guilty ended her trial in Clinton County Court. She changed her plea as the prosecution completed its case.

Mrs. Chapman was indicted on 15 counts of violation of the election laws in a local election in Flemington borough. She was indicted after a recount reversed the original result of the election.

A final prosecution witness, Carl W. Kephart, Democratic county commissioner, testified Mrs. Chapman told him she was "awful scared" and asked him if she could

have access to the locked-up ballot box "to strike out some things." He said he told her that was impossible.

## VETS' ORPHANS NEEDS UP FOR VFW DISCUSSION

HARRISBURG (AP)—State appropriations for the education of veterans' orphans today went under discussion by delegates to the 35th annual convention of the Pennsylvania Department, Veterans of Foreign Wars.

A proposal to petition the 1955 General Assembly to increase funds for this purpose was submitted for action of the group with an added appeal that the veteran of the Korean conflict be given equal state benefits with those of World War I and II.

### Many Resolutions Up

An appropriation of \$40,000 was made by the 1953 General Assembly for the education of veterans' orphans. It is handled by the Department of Military Affairs.

"The Korean conflict veterans should be put on the same footing statewide as the veterans of the two world wars," said Silvio Donelli, past state commander of the Disabled American Veterans.

Donelli, in his resolution, called for a "substantial increase" in the amount of money allocated for education of veterans' orphans.

That and dozens of other resolutions are being considered for adoption by the department.

Action was expected before the close of the convention tomorrow on a proposal that the 1955 Legislature be urged to appropriate a bonus for Korean veterans.

A French government decision to

withdraw into a smaller corner of Indochina was termed "heart breaking" by the principal speaker at the annual banquet last night.

"While the French people are fed up with the Indochina situation, we hope that we will be able to save as much of the country as we can," said Jacques DuPuy, secretary of the French Embassy at Washington.

He said the French government does not want to surrender in Indochina and warned that "the French government has to face an honorable settlement there or face a general war in Asia."

Gov. John S. Fine, reporting on his recent trip to Korea, said the people there impressed him with their faith and bravery.

## Adjourn Strike Talks At Capital

HARRISBURG (AP)—Negotiations to end Harrisburg's bus strike were adjourned today until next Wednesday. The Capital City has been without public transportation for 10 weeks because of the strike.

H. R. Corwin, negotiator for the Harrisburg Railways Co., said the utility would make no new commitments until the wage dispute is settled.

John M. Elliott, international vice president of the union representing the striking bus drivers,

partment members and their guests are expected to watch the competition.

The convention will close tomorrow with a parade and election of officers.

said the utility "slammed all doors tight" on continued negotiations at end of yesterday's joint session.

## Ex-Senate Clerk Loses Trial Appeal

PHILADELPHIA (AP)—Lester H. Burdick, former clerk of the New Jersey State Senate, has lost his appeal for a new trial and faces a year and a day in jail on five counts of income tax evasion.

The U. S. Circuit Court of Appeals upheld unanimously yesterday his conviction in the U. S. District Court at Camden, N. J. Judge Harry E. Kalodner, author of the court's opinion, said the government appeared overzealous at times in its prosecution but "no substantial rights of the defendant were affected."

## U.S. Cigarette Smokers Still Puffing Away Despite Warnings

By THE ASSOCIATED PRESS

Most of the country's cigarette smokers still are puffing away—though apparently with some restraining anxieties—despite medical reports the habit might hasten their death.

This was the situation indicated today by checks with tobacco wholesalers and retailers in more than a score of major cities across the nation.

Most of them said they had detected no change in cigarette sales since an American Cancer Society report 10 days ago that average cigarette users 50 to 70 die sooner, mainly of heart attacks or cancer.

**More Use Filters**

"Smokers seem generally complacent about it," said a San Francisco wholesaler. "They figure why worry when the hydrogen bomb is liable to snuff out their lives anyhow someday."

However, there were some reports of sales drops, amounting to as much as 25 per cent, along with other signs some smokers were disturbed. A change to filter-tipped cigarettes was a wide trend.

Among 75 sources, some of them representing chains with hundreds of outlets, 52 said cigarette sales

had remained unchanged, 15 reported slumps, usually slight, and 7 reported sales increases.

**No Substitutes Flourish**

"The scare has just switched them around to filtered cigarettes," said a Dallas wholesaler. "We also sell more pipes than ever before, but there's no real decline in cigarette sales."

"People just fuss, raise hell, buy pipes and then go right back to cigarettes."

The survey gave no general evidence of a big run on chewing tobacco, cigars, snuff or pipes as a substitute for cigarettes.

"The report has probably created a flash-in-the-pan reaction," said an Albany, N. Y., wholesaler. "But the public will resume normal smoking as people have done after other such scare reports."

Said a Dallas secretary: "I might as well die happy."

## VOTES AGAINST 4 AMENDMENTS

WASHINGTON (AP)—Sen. Martin (R-Pa.) voted against four amendments to the omnibus tax revision bill in Senate roll call votes yesterday.

They were:

1. An amendment by Sen. Edwin C. Johnson (D-Colo.) partially knocking out the administration's proposal to ease taxes on corporation dividends (approved 71-13).

2. An amendment by Sen. Long (D-La.) to provide a \$20 reduction in income taxes for all taxpayers (rejected 50-33).

3. An amendment by Sen. Morse (Ind.-Ore.) to knock special depreciation provisions for business from the tax revision bill. (Defeated 60-0).

4. An amendment by Sen. Gore (D-Tenn.) which sought to knock out a section exempting from estate taxes life insurance proceeds under certain conditions (rejected 60-23).

Pennsylvania's junior senator, Republican James H. Duff, although not voting, was announced as "for" the Johnson amendment and "against" the Long and Morse amendments.

CENTER MORELAND, Pa. (AP)—Mrs. Nellie Evans, 35, was killed yesterday and eight other persons, including seven children, were injured when their car ran into a utility pole.

Mrs. Evans, a resident of this Wyoming County community, and Mrs. Clara Robbins, 27, of nearby Falls, were returning from a shopping trip when the car's brakes gave way, police said.

Mrs. Robbins was reported in critical condition at Pittston Hospital. In fair condition at the hospital were the four Evans' children, ranging in age from 5 to 12 and the three Robbins' children, aged 2, 3, and 4.

## Fatal Embrace Gets Hubby Term In Pen

BALTIMORE (AP)—Kenneth C. Kellar, who told a jury he accidentally shot his wife while embracing her, was sentenced yesterday to 18 years in the Maryland Penitentiary for second-degree murder.

The 23-year-old mother of two children was fatally shot in the head last January. Kellar said he was embracing her and stroking her hair with a hand that held a pistol.

He said the gun was discharged accidentally. Kellar, 24, is formerly from Parsons, W. Va.

COLUMBUS, Ind. (AP)—The Chamber of Commerce offered 750 peach and dogwood trees for sale in a "Make Columbus Bloom" drive. The stock was gone in two hours and 2,200 more trees were ordered to meet the demand.

GRAND ISLAND, Neb. (AP)—A man in here has a dog who likes to greet visitors rather boisterously. And the chap himself confuses them. Seems the master quiets his pet with the command: "Don't bite him—until I tell you to."

## Hard of Hearing?

Would you take a chance on a store clerk fitting your new eyeglasses?

Hearing aids must be fitted, too, though many manufacturers cheapen their instruments by leaving out fitting controls, attempting to justify it with the claim that fittings are unnecessary. Government agencies and medical clinics, however, insist on the practice of fitting hearing aids as a regular part of their service to the hard of hearing.

Sonotone Hearing Aid Consultants are trained in measurement and fitting techniques. As with glasses, your instrument is tailored to your particular needs. This removes guesswork and is your assurance of the best in better hearing — the first time.

The local Card Club held a picnic at Cowan's Gap, Sunday.

Mr. and Mrs. Robert Berkheimer and daughters and Nancy and Billie Stambaugh recently spent sometime at Laurel Lake.

The local post office will be closed on Monday in observance of July 4th.

Due to the lack of the required 51
